GOVERNOR WILL AID BELGIAN RELIEF FUND

Cables Chairman Hoover in London
That Virginia Will Gladly
Help.

IN FAVOR OF IMMIGRATION

Belgian People Are Recognized the
World Over as Desirable Citizens,
and May Be Invited to Virginia in
Large Numbers.

Governor Stuart is giving consid-
eration to a plan of organization where-
by the collection of funds and pro-
visions for the relief of the imper-
ished and suffering people of Belgium
may be systematized. He will work
out the details probably during the
coming week, if affairs of state per-
mit him to give the necessary time and
attention to the matter.

The Governor is the official head of
the Red Cross Relief in the State, but
in this work of mercy and benevolence
he will act in co-operation with the
Belgian Relief Association of Eng-
land. He intimated yesterday after-
noon the following reply to the resolu-
tion of the English organization, which
was transmitted to him by cable last
Tuesday by Chairman Herbert Hoover,
of London.

"Sir—I have withheld reply to your
cable message of November 3 in order
to ascertain sentiment of the Virginia
people as to giving aid to the Belgians.
I now feel sure they will respond sub-
stantially. Will work diligently and
keep you advised. Please furnish
billioning directions and other particu-
lars."

(Signed) "H. C. STUART,
Governor of Virginia."
Already Governor Stuart has received
from a citizen of Albemarle County
a communication assuring him that
apple growers of that county are pre-
pared to send out call two carloads of
apples. An anonymous contributor has
sent a cash contribution of \$7.25
to Governor Stuart for the Belgian
relief fund.

MAY INVITE BELGIAN PEASANTS TO SETTLE IN VIRGINIA

The Governor's idea of bringing the
Belgian peasants, who are excellent
farmers, to Virginia and colonizing
them in the agricultural districts has
been the subject of much favorable
comment. To this end, however, no
step has been taken toward launch-
ing the movement suggested by the
executive. It is generally expected
that he will take the initiative, and
for this reason none of the State offi-
cials interested in immigration propo-
sitions will discuss the matter, their
silence being merely a mark of deference
to Governor Stuart; but it is un-
derstood that all will give it cordial
indorsement and hearty support, the
Belgians being regarded the world
over as a most desirable class of im-
migrants.

MONUMENT IN HONOR OF DR. GREGORY

[Special to The Times-Dispatch.]
KEYSVILLE, VA., November 7.—In
the presence of a large crowd, the S.
Palton chapter of the United Daughters
of the Confederacy today un-
veiled a shaft here to the memory
of Dr. F. J. Gregory, a gallant Con-
federate surgeon and officer who lo-
cated here immediately after the war
and practiced medicine for nearly fifty
years. Dr. Gregory was a man of un-
usual ability, was perhaps the most
beloved man in Charlotte County.
Interesting addresses were made by
Thomas F. Watkins and Cullen Car-
rington, of Charlotte Courthouse, re-
presenting the United Daughters of the
Confederacy. Captain B. A. Roberts,
a comrade in arms and life-long
friend of Dr. Gregory, read a heart-
ful tribute to his life of service, first
as a soldier and then as a citizen. A.
S. Tridley, of Lynchburg, in an address,
reviewed the life of Dr. Gregory.
The monument was unveiled by lit-
tle Thomas Williams and Agnes Gre-
gory, of Chase City, the youngest
grandchildren of Dr. Gregory. G. Gray
Garland, of Richmond, the oldest
grandson, on behalf of the family,
accepted the shaft with a brief but
appropriate speech. A number of
relatives from this and other States
attended the services.

KRONPRINZESSIN CECILIE IS SAFE IN BOSTON HARBOR

Steamers Into Port Under Protection of
U. S. Destroyers After 13
Hours' Run From Bar Harbor.

BOSTON, November 7.—Under pro-
tection of two United States torpedo-
boat destroyers, the North German
Lloyd line Kronprinzessin Cecilie
steamed into port here late yesterday
after thirteen hours' run from Bar
Harbor, Maine.

The transfer of the ship, interned at
the Maine port for three months as a
result of the war, was accomplished
without unusual incident. Her cap-
tain, frankly concerned over the pos-
sibility of molestation by a hostile
ship, paced the bridge during the entire
voyage.

Most of the voyage was made within
the three mile limit, but on several
stretches the big liner was more than
ten miles off shore. The destroyer
Tartar was close alongside throughout,
while the Lamson held to a course
about ten miles out, to watch for any
possible danger. Aboard the steamer,
Lieutenant W. K. Kilpatrick, U. S. N.,
assisted by Commander H. C. Wood,
of the Maine, supervised the opera-
tion of the steamer's wireless ap-
paratus, unsealed for the first time in
many weeks.

At the time that the United
States marshal for Maine turned the
custody of the vessel over to Deputy
Morse, of Massachusetts, an agreement
was arranged in Federal Court, post-
poning a hearing on the principal suit
against the steamship company until
December 2. It had been set for to-
day. The suit was brought by the
Guaranty Trust Company of New York,
for damages alleged to have resulted
from the failure of the Kronprinzessin
Cecilie to deliver in Europe, a consign-
ment of \$111,000 gold.

Four Burned to Death.

BELEFIELD, N. D., November 7.—
Miss Gladys Hollister, a school teacher,
and three of her pupils were burned to
death yesterday in a prairie fire, which
drove them from a schoolhouse near
here. Three other children probably
were fatally burned.

Davies—Forsberg.

[Special to The Times-Dispatch.]
LYNCHBURG, VA., November 7.—
This evening at Court Street Metho-
dist Church a large assemblage of peo-
ple gathered to witness the marriage
of Miss Hilda Ludwika Forsberg to
John Henry Davies. The ceremony was
performed by Rev. J. L. Latham, D.
pastor of the church. Miss Annie Lind
Forsberg, a sister of the bride, was
the maid of honor, and Gilbert C. Wood,
of Lynchburg, was the best man.

Held or Forfeited.

[Special to The Times-Dispatch.]
LYNCHBURG, VA., November 7.—
Eugene W. Martin and H. T. Kirkland
were held in a preliminary hearing
in the Police Court today, on the
charge of forging a check for \$30 on
the account of Martin's father, W. E.
Martin, at the Peoples National Bank
here, October 30.

SOUTH RICHMOND SUCCESSFUL REVIVAL SERVICES ARE HELD

Five Baptist Churches on Southside
Join in Simultaneous
Movement.

CITIZENS WANT IMPROVEMENTS

Residents of Clifton Station, in
Chesterfield County, Petition for
Police Protection—Damage Suit
on Trial—Personal and General.

One of the most successful series of
revival meetings ever held on the
Southside will come to a close to-day.
The services have been well attended,
and much interest has been taken in
them. In the five Baptist churches in
South Richmond—Bainbridge Street,
Stockton Street, Clifton Street,
Weatherford Memorial and Woodland
Heights Baptist—there have been thirty-
eight additions to the church. After
the meetings to-day, it is expected that
the total will be well over fifty.

Citizens Want Improvements.
An important meeting of the Wood-
land Heights Citizens' Association will
be held on Thursday night, at the
Woodland Heights Baptist Church, for
the purpose of discussing the improve-
ments which the suburb will need now
that annexation is in effect. Arrange-
ments will also be made at this time
for a mass-meeting, to which all the
citizens will be invited.

C. A. Watkins, president of the as-
sociation, said yesterday that the first
thing which will be asked for will be
water, fire protection and lights. Gas,
he said, would come later.

Petition for Police Protection.
Residents of Clifton station are cir-
culating a petition which will be pre-
sented to Judge Robert G. Southall,
asking that he order the station to be
police protection, and that Officer
James J. Berryman be stationed there.
Many of the citizens also desire that
the court of Magistrate L. W. Cheat-
ham, which will have to be moved on
account of annexation, be held in that
place.

Judge Southall will appoint three
county officers and one chief of police
on November 11, under the recom-
mendation plan recommended by the Ches-
terfield Board of Supervisors.

Begin Damage Suit.

The suit of Maurice E. Simms, a
child, against the Chesapeake and Pot-
omac Telephone Company was begun
yesterday in Hustings Court, Part II.
Damages are asked in the sum of \$5,000
by his mother, Mrs. Gertrude Simms,
who claims her son was hurt when he
fell into a pit in the street, dug by the
telephone company. No precautions
were taken by the company for the
safety of the public, it is charged.

Personal and General.

W. T. Walker, a prominent merchant
of South Richmond, who has been a
patient in St. Elizabeth's Hospital for
the past week, is improving.

A meeting of the Swansboro School
and Civic League will be held on
Thursday. Important mat-
ters will be discussed, and it is ex-
pected that all members be present.
A large force of workmen have be-
gun the smooth paving job on Twelfth
Street, between Twelfth and
McDonough. Rapid progress is being
made on the paving of Pater Street,
between Twelfth and Fourteenth
Streets. Both contracts are being done
by the Atlantic Bitullic Company.

L. Redford is quite sick at his home,
15 East Fifth Street.

PARIS KEENLY WATCHES PROGRESS OF BATTLE

Every Word Available Regarding
Operations Is Subject of Eager
Discussion.

PARIS, November 7.—Paris is watch-
ing with the keenest interest the pro-
gress of the battle in the north, and
every word available regarding the
operations, from official and other
sources, is the subject of eager dis-
cussion.

Having been driven by gunfire and
flood from the road to Dunkirk, the
Germans appear to be concentrating all
their energies on the Ypres-Arras line,
with the object of reaching Boulogne
through the Flanders salient. Three
recently formed army corps, the
Eighteenth, from Frankfurt; the
Eighteenth, from Cologne, and the Tenth,
from Hanover, have been brought up
to stiffen the German troops, who are
exhausted, after nine days of ceaseless
fighting. The troops are being massed
around the salient, strong positions
established at Beuvry, Tilloy and St.
Laurent de Blangy.

Preparatory cannonading has be-
come intense in the last two days, ac-
cording to a resident of the district
just arrived in Paris, and the attacks
of the infantry have been made ap-
parently with the object of testing the
French defenses. It was remarked
that the enemy seemed to be aban-
doning the methods of advancing in
dense masses, and had tried attacking
in open order, making use of all avail-
able cover, moving forward by short
spurts, and throwing themselves down
when the French quickfiring opened on
them. The result, it appears, has been
no better, as the men seemed to lack
the individual initiative required to
make this method effective. None of
the attacks so far has made any im-
pression on the French line.

The country between Arras and
Boulogne is well wooded, and big
trees, lending itself admirably to defensive
fighting, and every preparation has
been made to utilize it, for it is re-
alized that the Germans will make an
even greater effort, if possible, than
before, particularly in view of the critical
situation on the Russian front.

Engagement Announced.
